

# Nasty Crazy Woman

Words & Music by Dave James Hendrikse

My friends they found me, in a late night bar  
I wasn't wasted yet, but i guess not far from it  
This lady hooked me up, but really soon  
She turned to be a bit of a loon(e)y Tune

Cause if you turn her down  
She shows her teeth and starts to howl

She's like a devil, when she's in your bed  
You better crawl, when she wants you to crawl

She'll set a hourglass to fix you  
It's a matter of time  
She'll hook you up, and throw you back in the crowd  
She's just a Nasty Crazy woman  
Who will only play you for a while

She'll tie you up, with her laces, just for bonding and stuff  
She'll eat you up, and then she'll spit you out  
She's just a Nasty Crazy woman  
The kind who likes to do it rough

And in a silence at the back of my car  
You might consider, she was satisfied  
But then i looked her in the eyes, and then  
It started over again and again  
And if you turn her down  
She shows her teeth and starts to howl
